

Getting the Basic Border on Blocks technique Block To Block Quilts

The **Visions** Quilt (72 X 87) makes a bold statement showing off fabulous fabrics. The sashing is carried over to the border, exemplifying the Borders on Blocks technique perfectly.

Construction Diagram

Gypsy Tent (72 X 88)

This very quick quilt is a splendid rendition of the Borders On Blocks Technique.

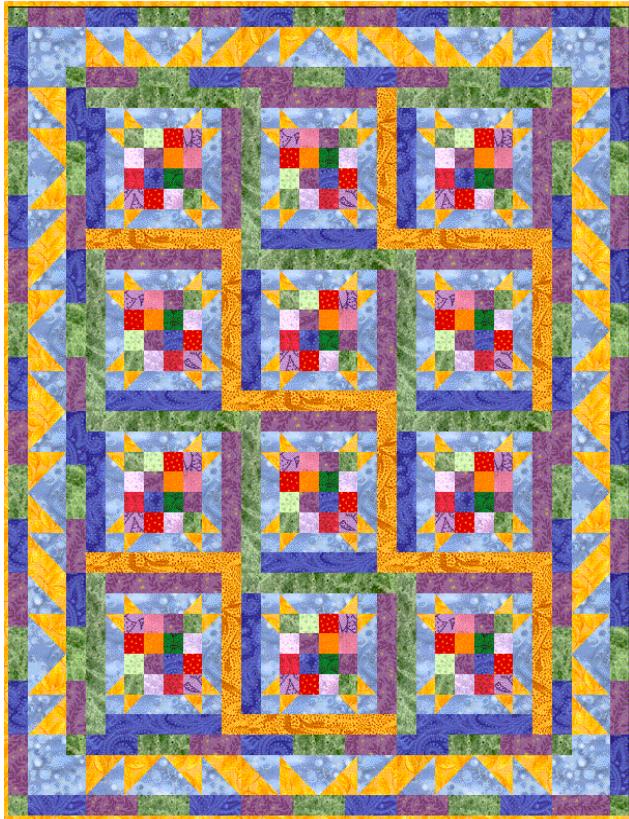

Construction Diagram

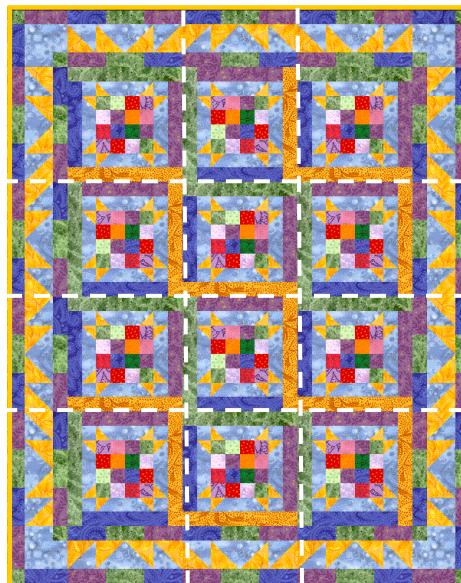

Block Quilts

Easy Blocks combine together,
then the Border Blocks are added

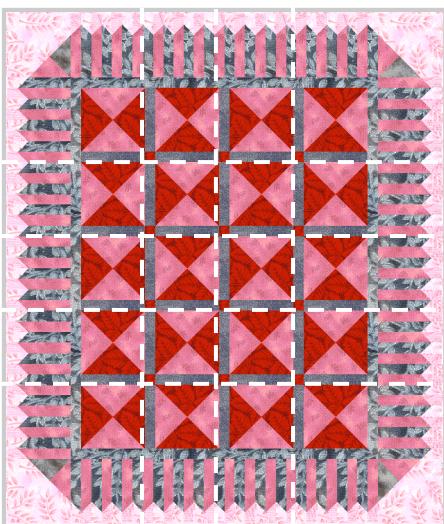

Cruzin' Around (65 X 81)

Framed Blocks work like a dream
with the BoB technique.

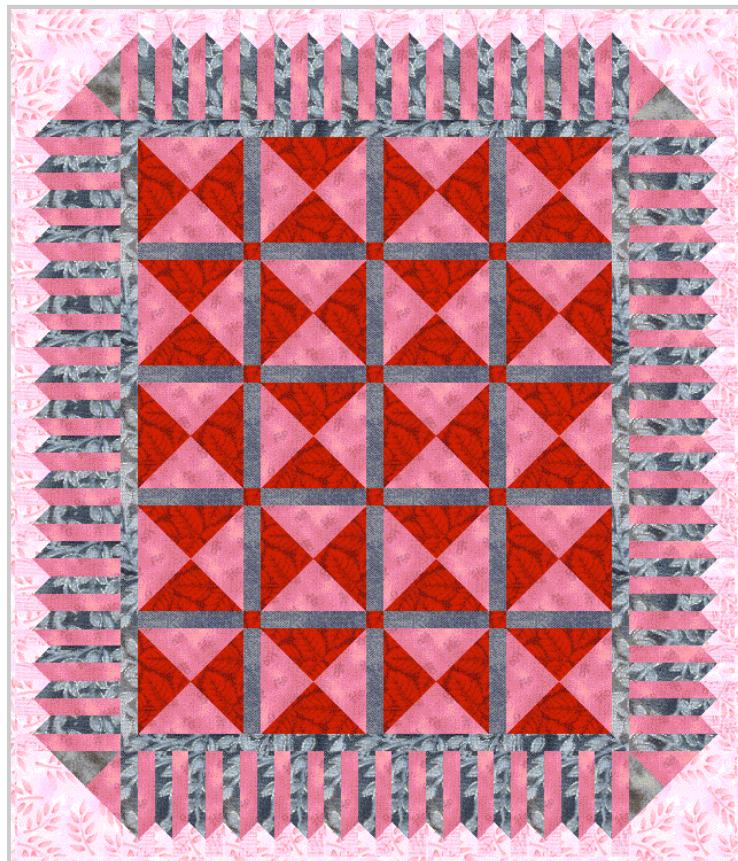

Construction Diagram

Somewhere in Time (63 X 74)
is a Sashed Quilt, but here the
Sashing somewhat disappears
into the Border.

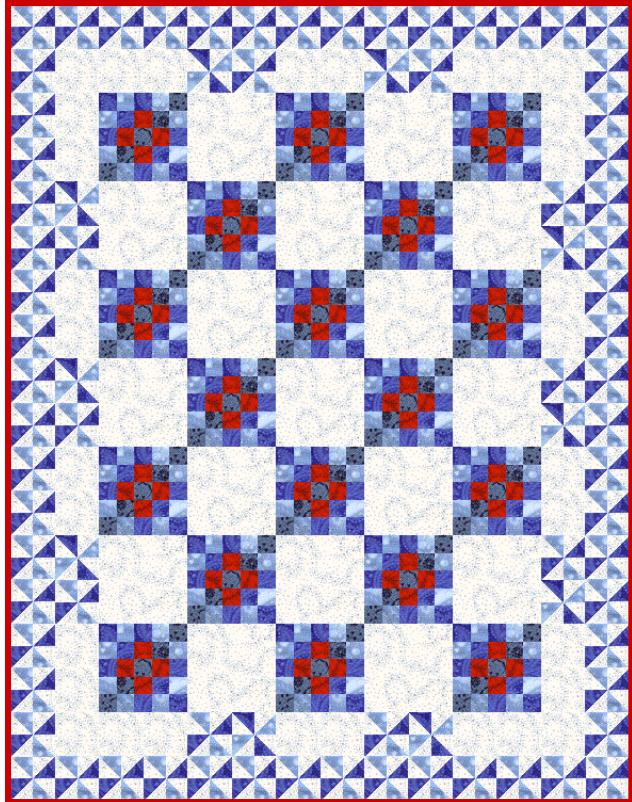

Construction Diagram

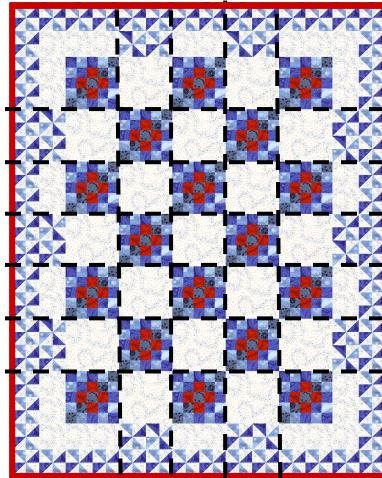

More Block Quilts

Alternate Block and Strippy Quilts can also benefit from the Border On Blocks Technique

Patches And Pinwheels (71 X 91)

Make the most of an alternate block set with Border blocks that dip down to the alternates.

Construction Diagram

Possum Trot (64 X 84)
Simple quilt with an elegant
(But easy with BOB) border
and a strange name!

Construction Diagram

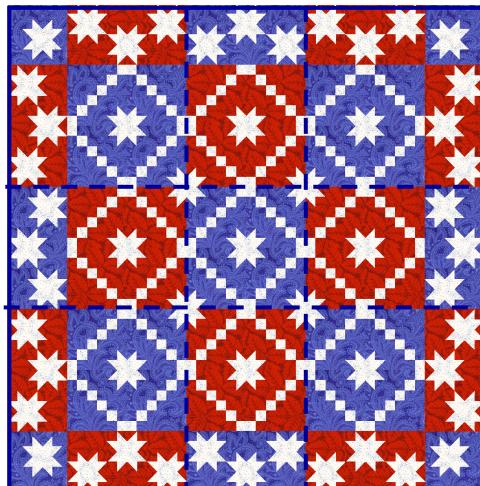

Great Block Quilts

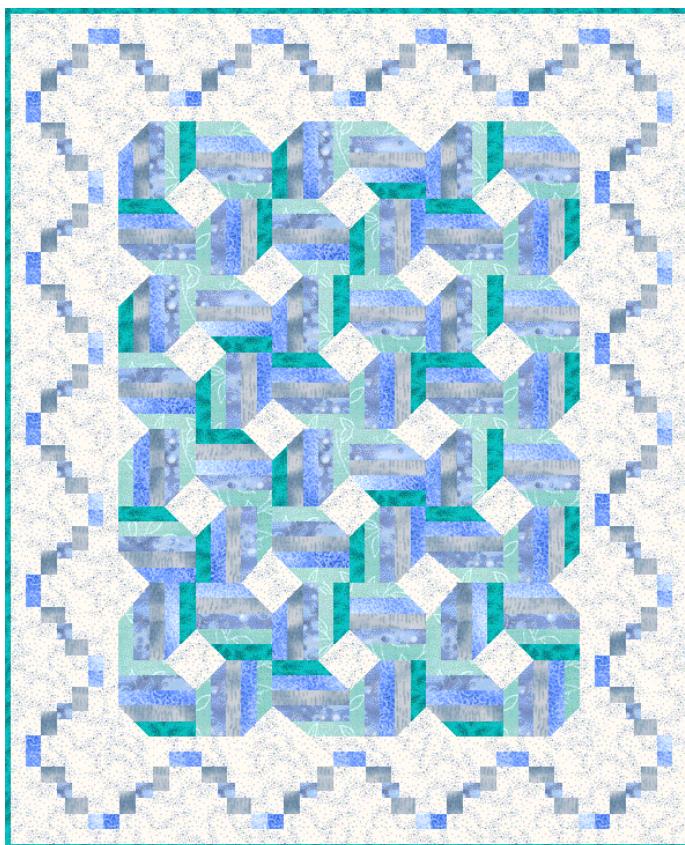

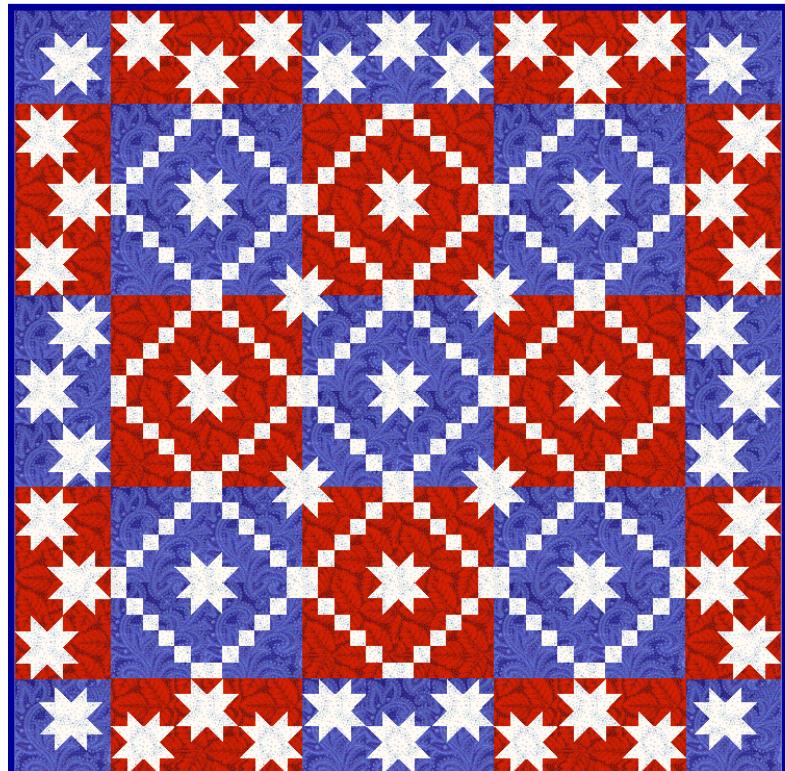

Combining smaller blocks into Great Blocks
Works great with the Borders on Blocks method

Chains Of Friendship (96 X 96)

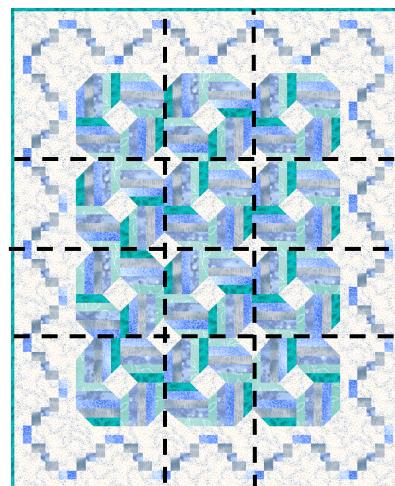

Two kinds of simple chains combine in great blocks then the Bouncing Triple Star border blocks complete the design.

Construction Diagram

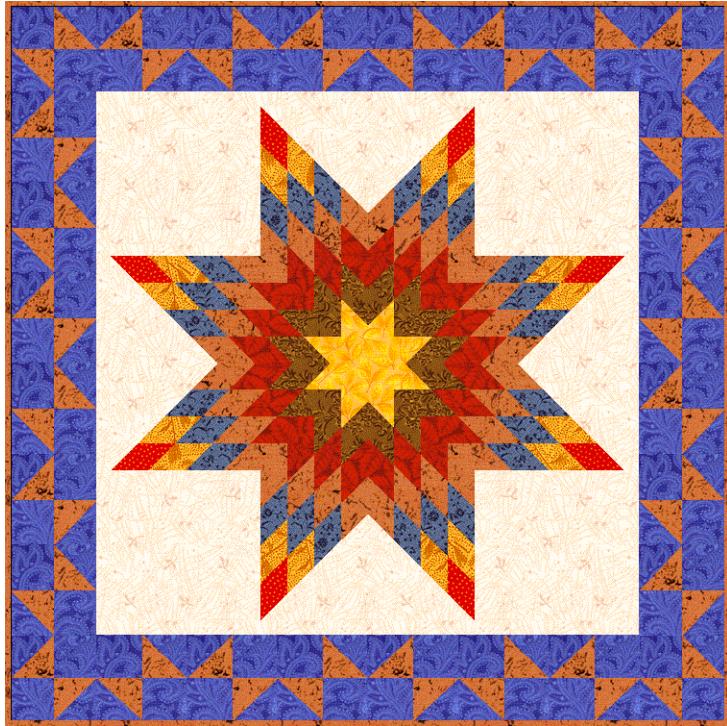

Moondance (67 X 82)
is made from Snowballed
Rail Fence Blocks
Combined into a Great
Block then a pieced Scallop
border is added.

Construction Diagram

Quadrant Quilts

Four part assembly makes
quick work of these beautiful quilts.

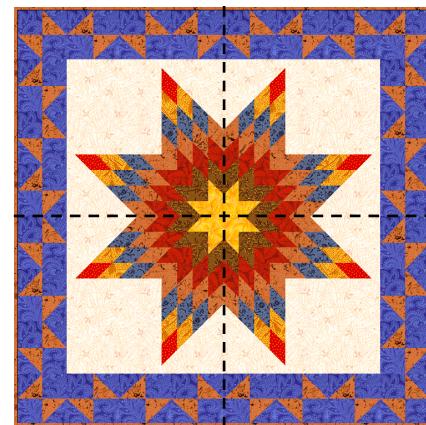

Lillies (72 X 72)

Whether these are Christmas Lillies, Easter Lillies or Patriotic Lillies, it's the four block set that allows the BoB technique to shine.

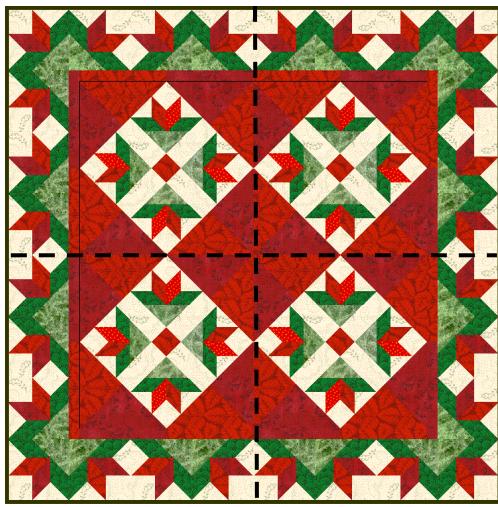

This **Solar Power Lone Star** (48 X 48) is made from a collection of 2 1/2"

Strips or a Jelly Roll.

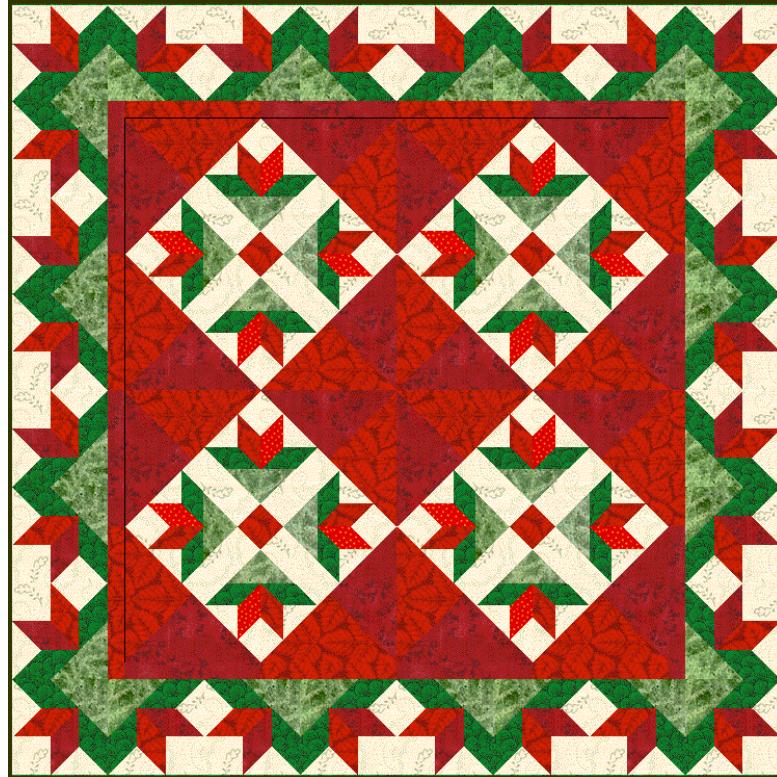

The Background triangles and squares have seams, easing construction. This allows the borders to be assembled with each quadrant.

Construction Diagram

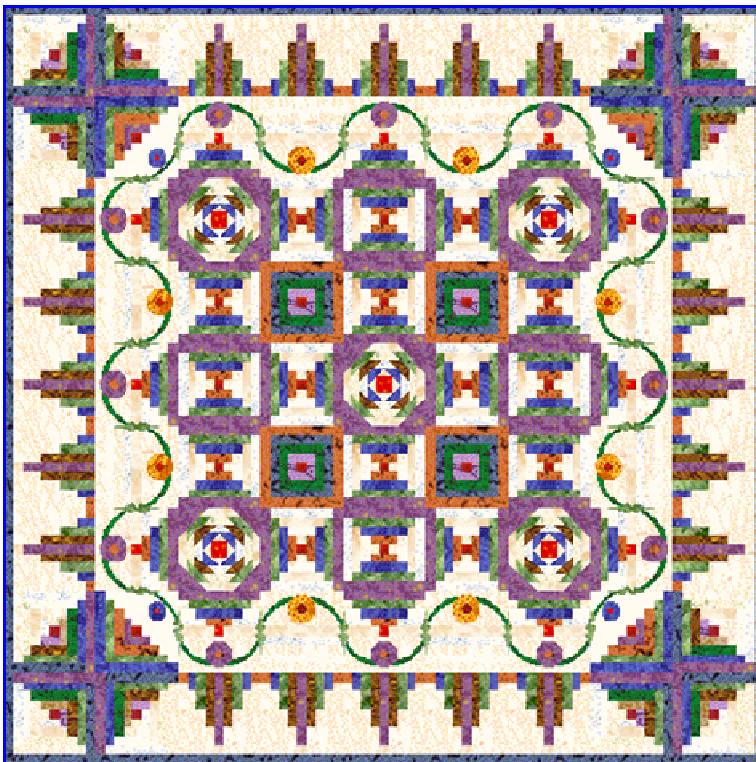

Construction Diagram

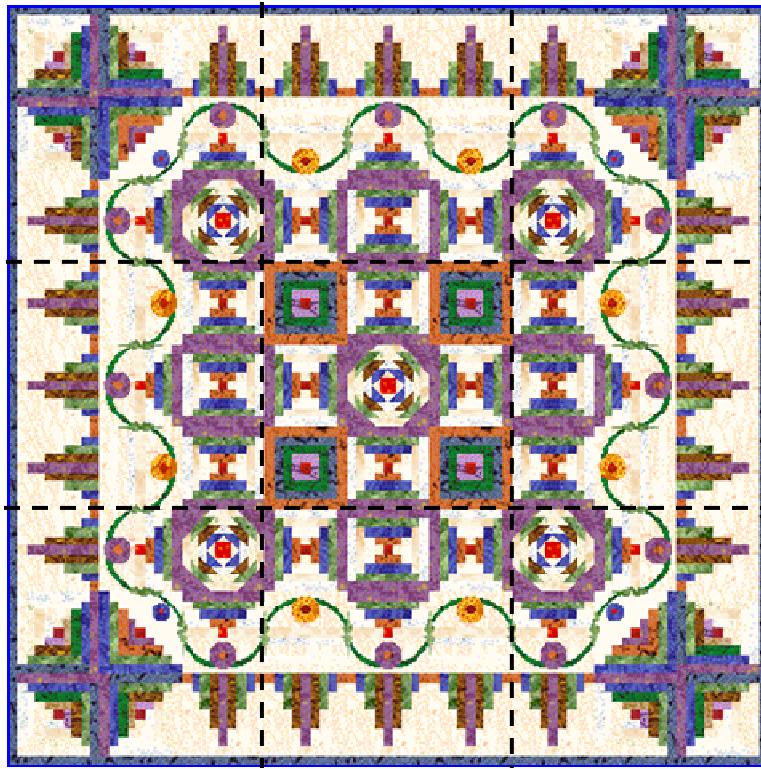

Multiple Block Quilt

Combining different Log Cabin blocks makes its own borders in this spectacular design.

Construction Diagram

LOGS! (81 x 81)
A wonderful study
of the Log Cabin
technique and the
BoB technique.
Those Multiple
Borders, including
appliquéd, sneak
right into the design
at the block stage.
Also great without
the appliquéd.
